

BAKER
ELEMENTS

your style
takes shape

Baker[®]

Elements Sectional (E732, E742, E753) featuring a Milan Arm, Boxed Back and a Dressmaker Flounce.

THIS IS CUSTOM UPHOLSTERY

Your vision is realized. Baker Elements ushers in a new generation of custom seating, drawn from an assortment of classic patterns, tailored to your personal preferences. All built to the Baker standard — style, comfort and craftsmanship — that remains the very best.

YOUR STYLE TAKES SHAPE

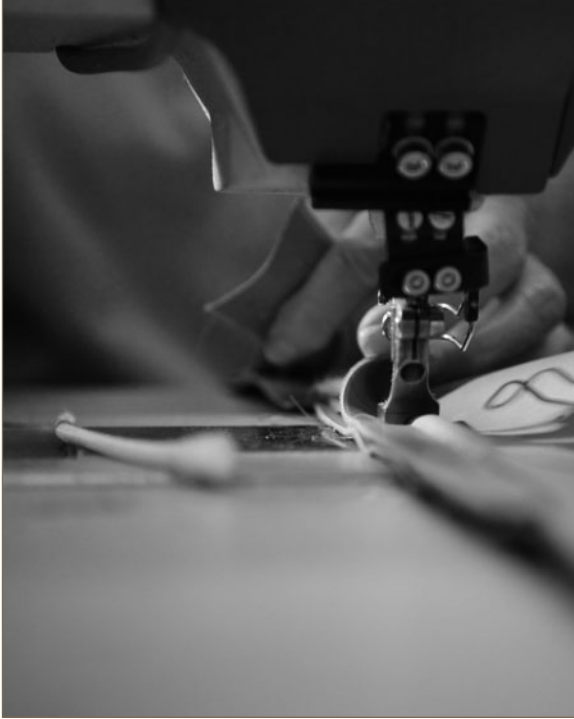

Baker Elements offers you the opportunity to create your ideal sofa, sectional, loveseat or chair. Our classic patterns are easy to understand and the options are generous. Simply make five choices — silhouette and depth, arm, back, base and leg — then choose a finish and fabric and watch your style take shape.

THE EYE AND THE HAND

Our unique philosophy of combining the eye and the hand — style, comfort and craftsmanship — has been in place for nearly one hundred years. Baker knows that what is inside your piece of furniture is just as important as what is on the outside.

STYLE

The look is achieved with hand-cut fabric, sewn on-line one inch at a time, hand-tacked and re-tacked for a perfect flow match on all four sides, ensuring the fabric pattern is aligned from all viewing angles.

COMFORT

The comfort is accomplished through endless tinkering with the pitch, ongoing selection of the absolute best cushion and ultimate support with an eight-way hand-tied base — positioning more springs in more advantageous places for more comfort.

A black and white photograph. In the upper right, a hand is shown holding a piece of fabric, possibly a ribbon or a strip of material. In the foreground, a close-up of a mattress spring is visible, showing the coiled metal and the fabric strips attached to it. The background is dark and out of focus.

CRAFTSMANSHIP

Known quality from a trusted maker. Years of experience with custom pieces and renowned designers. Skilled hands long practiced in working with luxurious fabrics.

Baker is a natural place for custom work.

IT'S SIMPLE

Once you've selected the classic silhouette that draws your eye, it's a matter of a few simple steps. At Studio 882, we can walk you through the decision process. Make five simple choices, bring the piece together with any Baker fabric or finish, and begin to ready the room.

(6"W X 4"H)

On leg styles where the front and back legs are the same, the side rails are straight.

**Options for sleep sofa*

Sofa deck will be reduced to accommodate taller leg options.

Decorative Front Leg Only

Available with Chelsea, Madison, Barcelona, Stratford and Westchester arms only.

SMALL TURNED LEG
(2¾"W X 5"H)

MEDIUM TURNED LEG
(3½"W X 5"H)

LARGE TURNED LEG
(4½"W X 5"H)

MEDIUM TURNED LEG WITH CASTER
(3½"W X 5"H)

SQUARE TURNED LEG
(3¾"W X 5"H)

RECESSED SQUARE TURNED LEG
(3¾"W X 5"H)

On leg styles where the decorative legs are on the front only, the side rails have a serpentine shape.

All legs available in 24 Baker standard finishes.

MEASURING WIDTHS

- All sofas, chairs, loveseats and sleep sofas have a consistent inside width regardless of the arm selected. All sectional pieces are based on a cushion width of 26 inches per cushion and will have an inside width in multiples of the 26 inch seat cushion regardless of the arm selected. The overall width will vary depending on the size of the arm and is listed in the size chart below.
- Silhouettes that are available by the inch are available in whole inch increments only. The overall width of these pieces is determined by the measurement at the widest point. Sofas can

be adjusted to a maximum width of 120 inches. Ottoman width or length measurements can be adjusted to a maximum of 52 inches. Chairs can not be made smaller than the standard size.

- Upholstery measurements may vary slightly from the stated dimensions in our size charts due to the nature of hand-crafted work and cover selection. The fabric selection affects the width measurement due to the amount of stretch in the fabric and is not necessarily due to the thickness of the fabric itself.

● Available by the inch

GENERAL MEASUREMENTS

- Baker Elements is available in three depths. Conversational depth which is 36 inches overall, Standard depth which is 38 inches overall and Relaxed depth which is 40 inches overall. Conversational depth has an approximate seating depth of 19 inches, Standard depth has an approximate seating depth of 21 inches and Relaxed depth has an approximate seating depth of 23 inches.
- The overall depth of Elements products is consistent from arm style to arm style. This measurement is taken from the front of the seat cushion to the point the back would touch a wall.
- The overall height will vary depending on the type of back selected. The heights are listed below.
- The seat depth is consistent regardless of arm selected. The measurement of seat depth is a guide and is not intended to indicate comfort. Loose pillow backs will vary in depth from tight backs by measurement, but not in comfort, due to the materials and methods used.
- The seat height of all Elements frames is constant regardless of overall depth or arm selection. There will be some variation in seat heights due to the fabric selected and the nature of handcrafted workmanship.

EXPOSED LEGS

- Baker Elements is available with 18 different exposed legs. The overall height of the leg will vary depending on the style while the frame height will remain constant. The various legs have different characteristics.
- Ottomans will have the same legs all around regardless of style selected.
- Sleep sofas are available with Small Block, Medium Block and Medium Bunn exposed legs. Other exposed legs are not available on sleep frames due to the characteristics of the sleep mechanism.
- All wood legs are available in 24 Baker standard finishes.

SLEEP SOFA

- The sleep sofa mechanism is made to superior specifications and is topped with an integrated air-filled mattress. An easy-to-use UL-approved handheld inflator is included to inflate the mattress. The firmness is adjusted by the amount of air injected into the mattress.
- The sleep sofas are available in queen-size only.
- The sleep sofas are available in Standard and Relaxed depths.

Elements Sofa (E721-Right) featuring a Stratford Arm, Knife-Edge Back Pillows and a Kick Pleat Flounce. Elements Chair (E700-Left) featuring a Chelsea Arm and Medium Turned Legs with Casters.
